Elden Ring is the sequel to the fantasy action RPG Dragon Quest Builders. CREATE YOUR OWN CHARACTER IN THE LAND BETWEEN: In addition to the game mode where you can play solo, you can also participate in large-scale group battles that let you enjoy multiplayer with your friends. INVEST YOUR POWER INTO RAGE: The shape of the Land Between is constantly changing. The Elden Lord has four arms, each of which can wield magic and wield weapons. Each arm has its own character. INVEST YOUR POWER INTO AMAZING ABILITIES: You can freely combine the weapons and armor that you equip to form a variety of different armors and weapons. You can level up the types of weapons and armor that you possess. BE LOVED BY A COMMUNITY: The game's theme song is written by acclaimed composer, Masashi Hamauzu, who is best known for his work on Dragon Quest and Final Fantasy titles. Some features may require additional purchases. If you are required to use a device that you have purchased from the App Store, you will need to be logged in with the same Apple ID that was used to purchase the device. Elden Ring, the official game application of the Elden Ring, is required to play this game. For all inquiries, please contact: ©2017 Nintendo Elden Ring Game Elden Ring Game 2017 Nintendo .. Elden Ring Free Download X64

The Elden Ring, a powerful fantasy action RPG for PC, is now available in the worldwide PlayStation®Store! PS Vita physical and digital versions will be available at the end of August! If you haven't had a chance to try the game, or if you are ready to check it out, here's what we recommend.

- Graphics The graphics in the game are gorgeous, with a pixel-art style that is unlike anything you've ever seen before. The game is also greatly optimized for the PS Vita's OLED screen.
- It's intense, yet Approachable Extremely intense, but approachable gameplay. Vary your attacks and choose your fights carefully. This will allow you to experience everything the game has to offer, while having fun.
- What You Can Do The Elden Ring is a fantasy action RPG that is unlike any other. The diverse range of actions are appropriate for all of your characters. Explore with your friends in a simultaneous multiplayer co-op mode! Elden Ring features:
 - Completely Free & Ongoing The game is completely free to play and operates on a freemium model.
 - 3D, Stylish, and Intense The game is in 3D, running at a smooth 60 frames per second. It uses an anime-inspired high definition game engine for a very polished and intense game experience.
 - Music & Voice Acting The fantastic music of the game is completely original, written to accompany the game's movement. The voice acting was done by the talented voice actors originally featured in the Gundam Musou anime.
- A tale of fantasy, love, and action A tale of fantasy, love, and action. The Lands Between has been long forgotten. There's only one place where mankind exists, which is impeded by law, life, and death. In this mythic world, there is a powerful sword called the Elden Ring. Within it, lies the ultimate power for the able-bodied - the power to destroy all life. In this world, mankind must rely on machines, and their eternal enemy will bring all to an end as they wield their destructive power. The Two Dreamers, twin brothers and owners of the mythic Elden Ring, were once a part of this world. But now, they are separated, as one is fallen, lost to the world, and the other...well, he

What's new in Elden Ring:

[b]- Features >Q: css transform scale Z axis property Hello I was trying to add scaling to this page to change website header height to fit the window height. I know I can use this to make the div grow: #conncet { position: fixed; top: 0px; left: 0; right:0; bottom:0px; margin: auto; height: 100px; width:100%; } But when I add the transform property to it, the height property moves away from 100px, and I have to subtract from it. I am not sure if there is an easy property name for the Z axis. How can I make it so that the height is basically stretched for the height? This isn't what I was trying to achieve(this is the result I have before scaling) and this is what I am looking for with scaling(this is not there, don't mind the background image) A: Scaling on the Z axis can be achieved using the scale() function (and an ancestor element), which takes it's value from the scaleY() and scaleZ() functions. CSS #conncet { position: fixed; top: 0px; left: 0; right: 0; bottom: 0px; margin: auto; height: 100px; width: 100%; } #conncet-root { overflow: hidden; padding: 25px 0 10px 0; } #conncet-root-overflow { height: 100%; width: 100%; transform: scaleY(3) scaleX(.66) scaleZ(1); transform-origin: top right; } CSS Demo You'll also want a little more specificity for the parent to get your transform-origin. Retention of the maternal family is one of most important aspects of parenthood raising concerns across different cultures and is most commonly observed in (parents

IMO, one of the best games I ever played. Definitely going to buy the steam version.Pages Thursday, June 29, 2011 Book Review: Big Ass Monster After reading Big Ass Monster, I was left wanting more. I am part of a Facebook group that in its collective wisdom has nominated a writer of that collective's choosing for the 2011 Big Ass Book Award. I chose James Ellroy for that post. I asked for comments and one reader named John Black wrote me, "When I read those lines, I had to read the next book, and the next." "You read my mind, brother." I was sent a free copy of the book and in honor of that I'm happy to put this review up. Full disclosure here - I knew nothing about Arthur Berman. That isn't to say that I didn't know what he was writing about. I've read many of his novels and have written about them. In Big Ass Monster, Berman takes on three characters: Earl Hopeton, a buddy who joins him on the trip to Mexico, a Mexican prostitute and her American "boy toy

Tue, 30 Jan 2018 16:53:50 -0500HACKEDThe latest trailer for Infinity Dreams has surfaced. The game in action is fairly similar to the previous Shovel Knight EP, except the Hope Knight can now punch and jump. Also, the soundtrack was made by special guest and composer Julian Kerkhof. Infinity Dreams has a budget price tag with a Game Boy and Game Boy Color theme. The new trailer looks fantastic, and Infinity Dreams is currently available on the App Store and Google Play for \$8.00. That's slightly more than Shovel Knight Gold Edition, which also comes with the original Shovel Knight and a map pack. The game is a cross-platform adventure game between the Game Boy, Game Boy Color, and smartphone (iOS or Android). Infinity Dreams adds many new mechanics and features compared to Shovel Knight: No permadeath No bosses More instruments Superhero Shovel Knight Co-op with friends Check out the latest indie hits on the App Store and on Google Play now!]]>
