Hey guys, We are in a good spot with the game! We are still finding some bugs and also when testers get new beta builds there are more bugs to find. We are keeping the team in high alert mode. If you guys can help us by going on and playing the game and report bugs on our forums, in forums or even on steam forums, that would be

great to help us locate and fix the bugs. We are very happy about the response of the players. We hope you guys love the game! Thanks, Kodiak

The present invention relates to a new and distinct cultivar of Serissera plant botanically known as Serissera 'Halloween Jack' and will be referred to hereafter by its cultivar name, 'Halloween Jack'.

'Halloween Jack' is a new herbaceous ornamental evergreen shrub grown for landscape use. The new cultivar was derived from a mutation of an unnamed and unpatented plant that is a seedling selection from a cross made in December 2000 between Serissera 'Mokelumne' (not patented) as the seed parent and a proprietary selection of Serissera x haywardiagriff as the pollen parent. The new cultivar was selected in November 2002 as a single unique plant from the resulting

seedlings. Asexual propagation of the new cultivar was first accomplished by stem cuttings in November 2002 in Oxnard, Calif. by the Inventor. Asexual propagation by stem cuttings has determined that the characteristics of this cultivar are stable and reproduced true to type in successive generations. Posted 05 March 2014 - 11:50 AM I have to disagree, in my experience the demo versions of games on facebook come at the very least half-complete when released. A barebones game with no tutorial, cutscenes and scripted events. Then in the next update(s) or patch(es) they add in cutscenes, scripted events
